Year Book of Missions

for

1923

YOU NEED WITHIN REACH

An alphabetical list of all missionaries supported by the American Board and Woman's Boards.

A list of missionaries arranged according to their missions and stations.

Full directions for reaching any missionary by letter or gift.

Facts regarding the fields abroad—including statistics, map, and illustrations.

Above all, a Prayer-Cycle whereby you may join with others the world round in praying daily for definite members of the force in the trenches overseas.

You need, therefore, the *Year Book of Missions for 1923.*

Price, fifteen cents per copy.

And since it is not published for profit, but to spread as widely as possible its information, it is arranged that packages of fifty or more can be had of the American Board's office, 14 Beacon Street, Boston, for $6.00 for each fifty copies, to be shipped collect.

We are sure you will be pleased with the book. It seems as if no better publicity work could be done for our foreign missionary work than to put $6.00 into circulating fifty copies.

Literature and leaflets of the American Board may be had by addressing:

JOHN G. HOSMER, *Congregational House,* 14 Beacon Street, Boston, Mass.

Or at the District Offices:

REV. WM. W. SCUDDER, D.D., 287 4th Avenue, New York City.
REV. W. F. ENGLISH, JR., 19 So. La Salle Street, Chicago, Ill.
REV. HENRY H. KELSEY, D.D., 760 Market Street, San Francisco, Cal.

CONDITIONAL GIFTS

Do you desire to give a substantial sum of money for the cause of Missions?

Would you do it now if you were assured of a regular income in your later years?

Do you know that you can give now and still be assured of a regular income during your later years?

The Treasurer of the American Board can tell you how this may be accomplished. Do not delay, but write to FREDERICK A. GASKINS, Treasurer of the American Board of Commissioners for Foreign Missions, Congregational House, 14 Beacon Street, Boston, Mass., at an early date for further information regarding the Conditional Gift plan of the American Board.

WILLS

MONEY may be left for the general work of the American Board of Commissioners for Foreign Missions in foreign fields by incorporating the following form in your will:—

"I give and bequeath to the American Board of Commissioners for Foreign Missions, incorporated under the laws of the Commonwealth of Massachusetts in 1812, ... Dollars."

If this clause is used the money will go into donations, and one-third of it will be used each year during the three years following its receipt.

If, on the other hand, you desire to make a provision in your will for a legacy to the American Board whereby the principal will establish a fund and the income only be used, you may be assured that the principal will be safely guarded and only the income used. If you desire a form to accomplish this end, the Treasurer of the American Board will assist you upon request. All money received for the establishment of funds is under the direct control of the Finance Committee, which at present is made up as follows:—

ARTHUR PERRY, Boston, Mass. HON. ARTHUR H. WELLMAN, Topsfield, Mass.
FRANK B. TOWNE, Holyoke, Mass. J. LIVINGSTON GRANDIN, Boston, Mass.
CHARLES S. OLCOTT, Brookline, Mass.

FREDERICK A. GASKINS, *Treasurer*
14 Beacon Street, Boston, Mass.

More about Our Lectures

We have been receiving many fine testimonials concerning our American Board slides. One pastor lately wrote: "Our church auditorium last evening was crowded and much appreciation evidenced by all. Our benevolences have gone over the top with a 300% increase."

Another says: "We gave the lecture to an audience that crowded the auditorium, and it was greatly appreciated. I think this is the best way to preach missionary sermons."

It is, of course, the aim of the American Board to make this department contribute definitely toward an increase of missionary interest. Perhaps a larger number of foreign missionary addresses — more than 2,000 — were given last year in connection with the slides than by all other methods combined. Besides many of those who were reached by more personal approaches had already seen these views and felt their graphic appeal. It seems highly important, therefore, to make the most of this department.

This leads up to the one important point which we have in mind, namely, *the most real expression of missionary interest is to be found in actual giving.* We are exceedingly glad if the use of the American Board slides increases the evening congregations and promotes interest in the local work. At the same time, an apparent enthusiasm for missions, created by the pictures, has little value unless it seeks tangible expression.

Happily, this is exactly what is taking place in many churches. If you have not used these pictures, we certainly advise your doing so. If you are already using them, we hope you will continue their use and make sure that your people give expression to their growing interest in regular contributions. A list of our lectures will be sent you if desired.
